PROFILE

A motivated MCA graduate with a strong foundation in programming, data structures, and problem-solving. Seeking an entry-level role in software development or testing to apply knowledge, enhance abilities, and develop professionally within the IT industry. Gained practical experience in software development and testing through academic projects and internships. Eager to contribute technical skills in a collaborative environment while continuing to learn and grow.

PROJECTS

DBZ Accessories

2024

- Developed an e-commerce website for automobile accessories as a final year project submission.
- Built the front-end using HTML, CSS, and JavaScript, focusing on responsive design and user experience.
- Collaborated with a team and contributed specifically to front-end development under the guidance of a mentor.
- [GitHub Repository](#) | [Live Demo](#)

Personal Portfolio

2025

- Developed a personal portfolio website to showcase my skills, projects, and achievements.
- Designed and built the front-end using HTML, CSS, and JavaScript, making sure it's responsive and looks good on all devices.
- Added interactive elements and smooth navigation to give a better user experience and make the site easy to use.
- [GitHub Repository](#) | [Live Demo](#)
